RESPONSE TO THE NOTICE OF INCOMPLETE
NONPROVISIONAL APPLICATION

Box: MISSING PARTS

Hon. Commissioner of Patents
Washington, D.C. 20231

Sir:

In response to the Notice of Incomplete Nonprovisional Application, applicant hereby requests reconsideration and the granting of a filing date of May 11, 2001.

This application was originally filed on May 11, 2001 under Rule 53. The submission to the USPTO included transmittal papers and a copy of the specification in the ENGLISH language. A copy of the submission is attached hereto as Exhibit A.

On July 3, 2001 the undersigned filed a Filing Completion Under Rule 53(f) including a SIGNED dual language declaration (English and Japanese) and included a fee check in the amount of \$1508. The transmittal form PAT-106 included a charge statement as follows:

"CHARGE STATEMENT: The Commissioner is hereby authorized to charge any fee specifically authorized hereafter, or any missing or insufficient fee(s) filed, or asserted to be filed, or which should have been filed herewith or concerning any paper filed hereafter, and which may be required under Rules 16-18 (missing or insufficiencies only) now or hereafter relative to this application and the resulting Official document under Rule 20, or credit any

overpayment, to our Account/Order Nos. shown in the heading hereof for which prupose a duplicate copy of this sheet is attached. This CHARGE STATEMENT does not authorize charge of the issue fee until/unless an issue fee transmittal form is filed."

A copy of the July 3, 2001 submission is attached hereto as Exhibit B.

The USPTO issued a Notice to File Missing Parts of Nonprovisional Application dated July 30, 2001 (Exhibit C). This Notice indicated a filing fee and balance due of \$1648 (completely ignoring our submission of July 3, 2001 including a check in the incorrect amount of \$1508. Assuming the USPTO calculation to be correct, there was a balance due and owing to the USPTO of \$180 which should have been charged to our deposit account, but which was not.

In response to the July 30, 2001 Notice, applicant submitted to the USPTO a Communication on August 2, 2001 (Exhibit D) which included a copy of its July 30, 2001 submission. In addition, it included a supplemental filing fee of \$180.

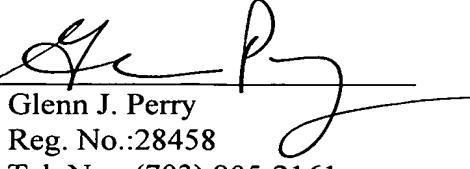

The USPTO then issued another Notice of Incomplete Nonprovisional Application dated August 16, 2001 (Exhibit E), this time bearing the Application Number 09/897,087 but having the same Atty docket number as our original application. The Notice says that the specification is missing, the specification was filed in a language other than English and that we must file a new declaration.

The Undersigned requests correction of the USPTO errors and the issuance of a paper indicating the Serial number and filing date of May 11, 2001 for this application.

Respectfully submitted,

PILLSBURY WINTHROP LLP
